4. Odissi -
   is an ancient Indian classical dance form that originated in the Hindu temples of Odisha, an eastern coastal state of India.

5. Kathakali -
   Kathakali is a classical Indian dance form. It falls under the "story play" genre of art, but one distinguished by the elaborately colourful make-up, costumes and face masks that the traditionally male actor-dancers wear.
ACTIVITY 5

Watch the film. The film is based on a concept popular in Hindustani music that relates music with the time of the day. The Rāga is a melodic framework in Indian music for creative exploration. Here each Rāga is given an appropriate time of the day and a colour. This fascinating concept, unique to Indian music, comes from an understanding of how sunlight and climate affects our lives and moods.

ACTIVITY 7

Do you know what this is called?

It's a Kaavad.

It's a wooden box with several panels hinged together that open one at a time. These panels are painted with scenes from stories. Most stories come from the Hindu epics Ramayana and Mahabharata. Sometimes there are also stories from local folklore. The outermost panels usually have the guardians of the story painted on them.
